

MAX DE GRAAFF, THE NETHERLANDS

Title: Old Bytes Materials: Bead made of a hundred DVD's, 2-comp. artificial resin, Copper inner tube Price; € 2500,-

Inspiration: God said: "Let there be light", and there was light

In search of silence, in prayer or meditation,
We find ourselves unable to stem or still the stream of thoughts
A hundred DVD's with hundreds of images and sounds in "old bytes"
Sacrificed, reduced and scattered to make a new symbol of letting go
You can wear this bead around your neck on a cord and experience the weight of old thoughts; you can hold
it in your hands just to see and feel it; you can hold it when you meditate or pray;
when there is enough perception you can let go and carry the bead as an image in your head, weightless Light.
