Three monotheistic religions, each represented by its sacred building, all situated in the holy city of Jerusalem.

Symbol of Christianity is the Church of the Holy Sepulchre.

Symbol of the Islam is the Dome of the Rock.

Symbol of Judaism is the temple of Solomon.

Jerusalem is the setting of all struggles and battles for power between these religious factions.

Their footprints are shown in a blood circulation system, represented by little red blood cells, and put on the same level. The three footprints are shown in a cycle, with no end, no beginning, no one first, no one last.
